CHARLEY AKERS' appointment as Secretary gives general satisfaction throughout the territory. He is a vast improvement over the man he is to succeed.

The conference held at Ortiz, Sonora, Mexico, this week adopted a formal ratification of peace between the Mexican government and the Yaqui Indians. The Indians accept land in severalty and relinquish all claims to the vast area of land over which there has been so much blood shed. This is glorious news.

It is with no small degree of pleasure that the TRIBUNE announces the appointment of Colonel Myron H. McCord to be Governor of Arizona. His name was sent to the Senate by the President on Thursday last, and that he will be confirmed is a foregone conclusion. Colonel McCord is fortunate in the fact that his enemies have exhausted all their ammunition in endeavoring to defeat his appointment. They have not stopped at lying about him, but have sworn to the lies, and have been caught in the act; hence his administration will probably have smooth sailing. Colonel McCord is a man of strong personality, and is not likely to put himself out of his way in rewarding his enemies. He would be more than human if he did. The TRIBUNE extends to Governor McCord its warmest congratulations over his well-earned victory, and predicts for his administration the greatest success.

The appointment of Hon. H. J. Cleveland, to be Indian agent on the Sacaton reservation, is the very best that could have been made. His home is in this county, as is his agency, and he will work faithfully for the best interests of the Indians as well as the white people. He is a strong advocate of the construction of the Buttes reservoir by the Government, and that he will accomplish that great work during his administration we firmly believe. His influence in Washington has proven to be so great that his friends wondered that he should have accepted the appointment of Indian agent; but he is a man of boundless energy and determination, with the best interests of our people at heart, and doubtless has an object in view far in advance of the position tendered him. It is Pinal county that should be congratulated on Mr. Cleveland's appointment, as it means much for its future prosperity. The TRIBUNE is delighted with it, for more reasons than one.

The first news received in Florence of the appointment of Colonel M. H. McCord for Governor; Chas. F. Akers, Secretary, and H. J. Cleveland, Indian Agent at Sacaton, was in the form of a telegram sent Wednesday from Washington to the TRIBUNE by the last named gentleman. The news was quickly circulated, and the appointments gave general satisfaction. The appointees are all old residents of the territory and thoroughly identified with its interests. It is a matter of satisfaction to the TRIBUNE that, although not "en rapport" with the McKinley administration, it has in a quiet way endorsed all these gentlemen, both editorially and by letter, and it evidently did them no harm. If the President will only listen to this great family journal still further, and appoint Judge of Chief Justice, Doan for Judge of this district, Griffith for U. S. Marshal and Stilwell for U. S. Attorney, he can make the balance of the appointments to suit himself. He has made no mistake so far in taking the advice of the TRIBUNE.

Mrs. L. E. Graham, of Kenilworth, entertained a number of friends at dinner last Sunday. The guests were the Misses Bartleson, Miss Powell and Messrs. Shields and Price.

Mrs. C. E. White and Mrs. Mamie Paul and her two children expect to leave Monday for Parral, Chihuahua, where they go to join Mr. White, who has a lucrative position in that flourishing mining camp. They will be missed in Florence, where they have many friends.

W. C. T. U. NOTES.

The Florence Union is active and earnest, and though the warm weather will undoubtedly cause a falling off in attendance, it will only be temporary, as the women of Florence are enthusiastic temperance folks, and hope to see our town a model in that direction.

The W. C. T. U. of Maricopa county will hold a County Convention in Mesa next Tuesday, 25th inst. Our friends of the Union of that county will see that a profitable and pleasant time will be given to all who attend. Maricopa is the only county in Arizona which has an organized county Union.

The Territorial Superintendent of Scientific Temperance of Arizona is working hard to have introduced into the public schools approved text books upon this subject. This has been done in many of the states and is a good thing for the children. Grounded and educated up to an intelligent understanding of the need of clean lives and unadorned bodies, and brains unobscured by liquor and tobacco, the coming generation of men and women will be an honor to our country and a blessing to the world.

A Celebrated Case.

Just prior to adjournment of court last Tuesday the celebrated case of Mrs. Bertha Tomlinson against the Southern Pacific Railroad company for killing her husband at Casa Grande some five years ago was dismissed, having been compromised for the pitiful sum of \$400 paid Mrs. Tomlinson by the railroad company. Immediately after the killing the widow was offered \$5,000, which was refused. She brought suit in this county and obtained judgment for \$50,000 damages before Judge Kibbey, who reduced the amount to \$18,000. The case was appealed to the Territorial Supreme Court, and the judgment affirmed, when it is said the company offered Mrs. Tomlinson \$10,000, which, on advice of her attorneys, Baker & Campbell, she refused. It was then carried to the Supreme Court of the United States, where the judgment of the lower court was reversed. The result of this case shows two things—first, that a big corporation is a hard thing to buck against, and second, that it is not well to be too grasping. The widow and her orphan children are generally supposed to be the only sufferers by the dismissal of the suit, and hence have the sympathy of the community.

Pinal County Crop Reports.

The following reports for this county were made this week to the Arizona section of the Weather Bureau:

Pinal Ranch—There were light frosts nearly all month, but the fruit is in fine shape. Alfalfa is looking well, and the range is fine and plenty of water. Iron & Craig.

Dudleville—1st and 2nd, and 11th to 14th, mornings and evenings foggy and murky; high south wind during the day, continuing sometimes through the night. Geo. F. Cook.

Silver King—Grass on the range all dry, but plenty of it. Lots of water and stock of all kinds looking fine. The round-up is just about over, with a very good crop of calves branded. W. E. Holman.

Black Jack Still in Evidence.

[From the Tucson Star.]

The report that Black Jack had been killed seems to be erroneous. The victim has now been identified as one Tom Ketchum, and Black Jack was never known to masquerade under that alias. The latest report is that Jack still retains his health and pristine vigor. Black Jack, instead of having two or three men with him, has between twenty and thirty characters associated with him at his camp, at Rock's Well, Cochise county, who are ever ready for any devilry which may present itself. There is a reward of \$2,000 offered for the killing or capture of the noted outlaw.

A Kingman dispatch of the 17th inst., says: The Wallapai Indian trailers who have been on the track of Parker, the Rock Cut robber and jail breaker, returned to Kingman this morning, saying the officers have been put on the wrong track by sheep men near Williams and that they were not allowed to follow the trail they knew to be that of the outlaw. They are very much disgusted and say that were they allowed their own way they would have captured Parker before he got near Williams. A sheep herder told the officers a cook and bull story to throw them off and the scheme worked.

An exchange tells about an editor who died of starvation and was being carried to heaven by an angel appointed for that purpose. "May I look at the other place before we ascend to eternal happiness?" "Easily," said the angel. So they went below, skulking around talking in the night. The angel lost track of the editor and went around hales to hunt. He found him sitting by a furnace fanning himself and gazing with rapture upon a lot of people in the fire. There was a sign on the furnace which read, "Delinquent Subscribers." "Come, now," said the angel, "we must be going." "You go on," said the editor, "I'm not coming, this is heaven enough for me."

Your Vitality?

The essence of life is force. Every breath you breathe, every heart beat, every motion of your hand, takes force. The measure of force we call vitality. If this is lacking, there is loss of flesh, lack of resistive power, a tendency to catch disease easily, especially a tendency to Consumption. For low vitality nothing is better than Scott's Emulsion. It supplies force by furnishing the nourishing, strengthening elements of food in an easily digested form; enriches the blood, and builds up the system. When ordinary food is of no avail, Scott's Emulsion will supply the body with all the vital elements of life.

Two sizes, 50 cts. and \$1.00. All druggists.

If you will ask for it we will send you a book telling you all about Scott's Emulsion. Free.
